

The Threshold for Platelets study: A prospective randomised trial to define the platelet count below which critically ill patients should receive a platelet transfusion prior to an invasive procedure

All Site Meeting - 27 September 2023

IRAS ID: 312405
REC Ref: 22/SC/0186
Funding: NIHR HTA (131822)

NIHR CPMS ID: 53274
ISRCTN Registry: ISRCTN79371664
Sponsor: University of Oxford

Chief Investigator: Prof Peter Watkinson

All Site Meeting

Agenda

- Trial update
 - Internal pilot
 - Sites
 - Recruitment
 - Screening
- Questions/site discussion

Trial Update

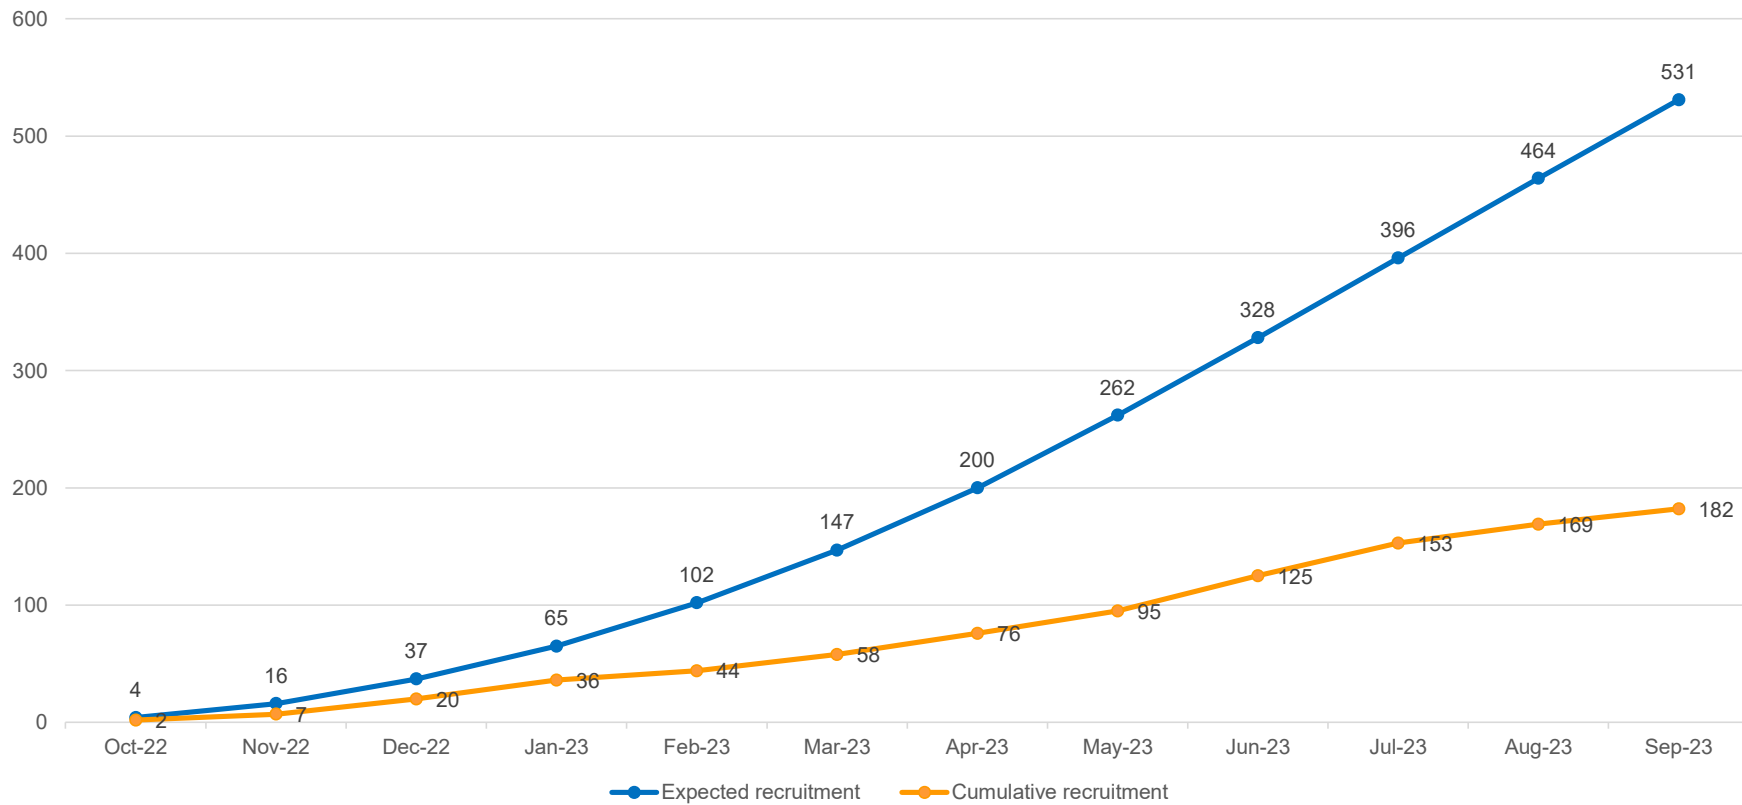

- Internal pilot period
 - Ended 26 September 2023
 - Denotes first 12 months of recruitment
 - Measured against progression criteria:
 - Sites open
 - Recruitment rate
 - Adherence at first procedure
 - Next steps
 - Trial reviewed by oversight committees
 - Report to the NIHR

Trial Update - Sites

- Aim: **66**
- Open: **39**
 - Since our last meeting, welcome to:
 - **New Cross Hospital**
 - **King's College Hospital**
 - **City Hospital, Nottingham**
 - **Stoke Mandeville Hospital**
 - **Doncaster Royal Infirmary**
 - **Salford Royal Hospital**
- In set up: **23**

Trial Update - Recruitment

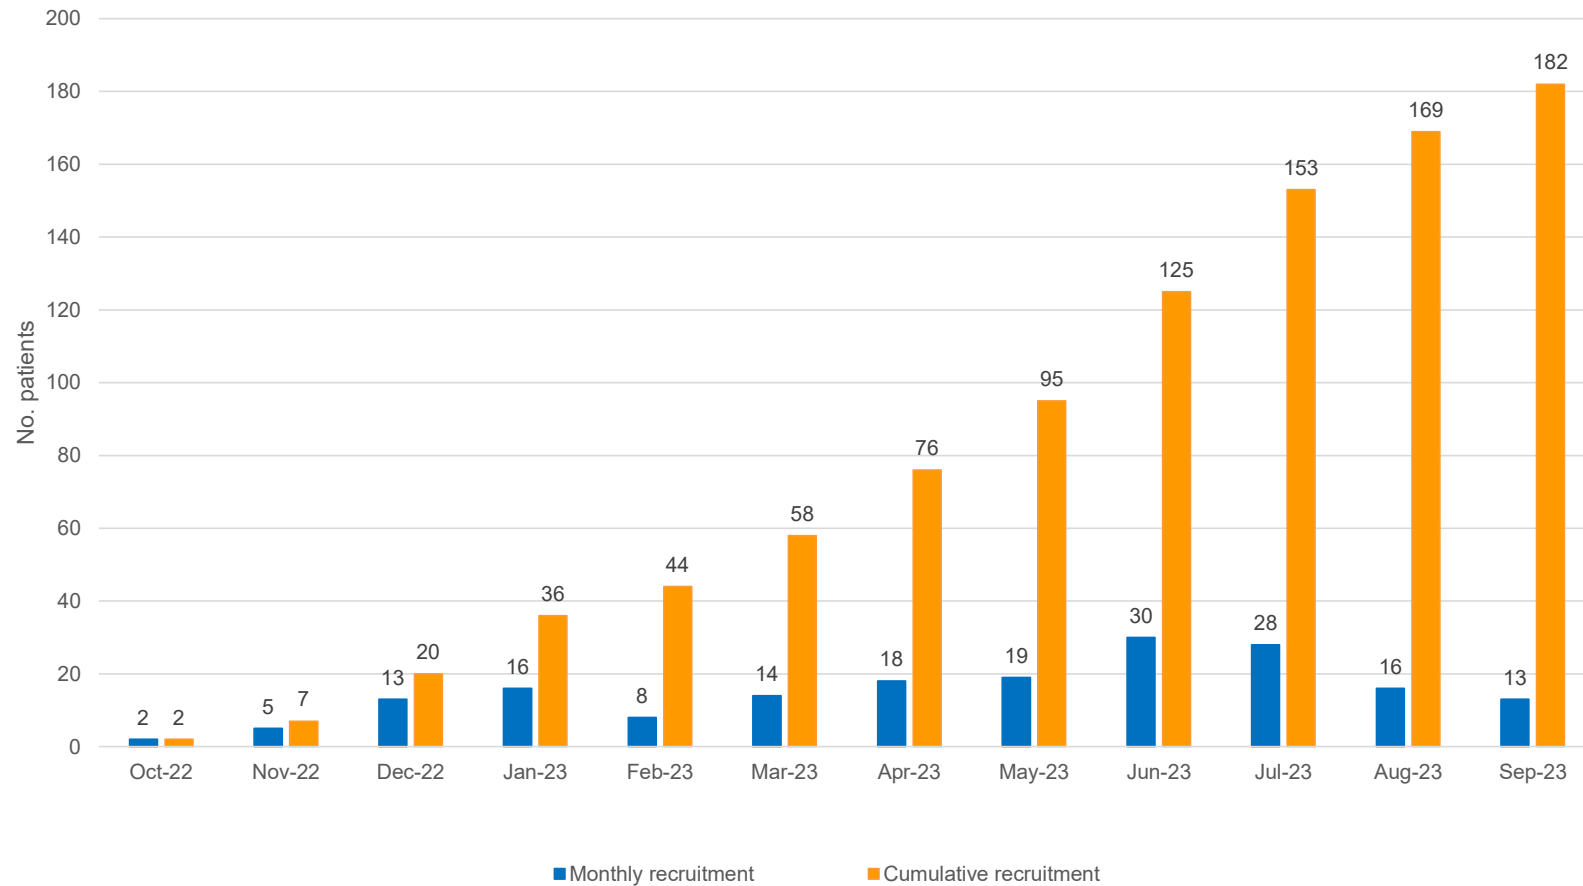

- As of 26 September 2023, **182** patients randomised

All Site Meeting

Trial Update - Recruitment

- Monthly recruitment

Trial Update - Screening Logs

- No. patients screened: **701**
 - Did not meet all inclusion criteria: **368 (52.4%)**
 - “no procedure receiving during screening”: **309 (44.1%)**
- No. patients eligible: **272 (38.8%)**
 - Eligible not randomised: **114**
 - Missed: **50**
 - Clinical decision: **45**
 - Prospective refusal of consent: **11**
 - Proportion eligible and randomised: **58.1%**

Coming up...

- Next **drop-in training** session:
 - Next week, **Thursday 05 October at 12:30**
- **Buddy scheme** meetings ongoing
 - If you haven't already signed up, please email us!
 - We aim to feedback ideas from these meetings soon
- **Individual site reports** - new!
 - With all the data that you collect, we'd like to present this back into an individualised site report
 - Focussing on screening, recruitment and adherence
 - Will be able to compare yourself to the overall figures, and perhaps another site of similar size
- **Equipoise**
 - Any concerns within wider teams, please do let us know!
 - T4P clinical investigators happy to meet with teams
 - Can drop into your consultant meetings/team meetings

Finally...

- ...thank you!
- Although we are behind target, we are still currently the largest study of prophylactic platelet transfusion in UK critical care
- In our appreciation, T4P Keep Cups will be on their way to you!
 - Please let us know which T4P team member you gift this to
