

The Threshold for Platelets study: A prospective randomised trial to define the platelet count below which critically ill patients should receive a platelet transfusion prior to an invasive procedure

All Site Meeting - 18 April 2024

IRAS ID: 312405 / 328271

NIHR CPMS ID: 53274

REC Ref: 22-SC-0186 / 23-SS-0082

ISRCTN Registry: ISRCTN79371664

Funding: NIHR HTA (131822)

Sponsor: University of Oxford

Chief Investigator: Prof Peter Watkinson

Agenda

- Trial update
 - Sites
 - Recruitment
- Sharing practice
- Questions/site discussion

Trial Update - Sites

- Aim: **66**
- Open: **46**
 - Since our last meeting, welcome to:
 - **Southampton General Hospital**
- In set up: **12**
- Still accepting expressions of interest
 - If you have other hospitals within your Trust who could take part, do speak to them/us

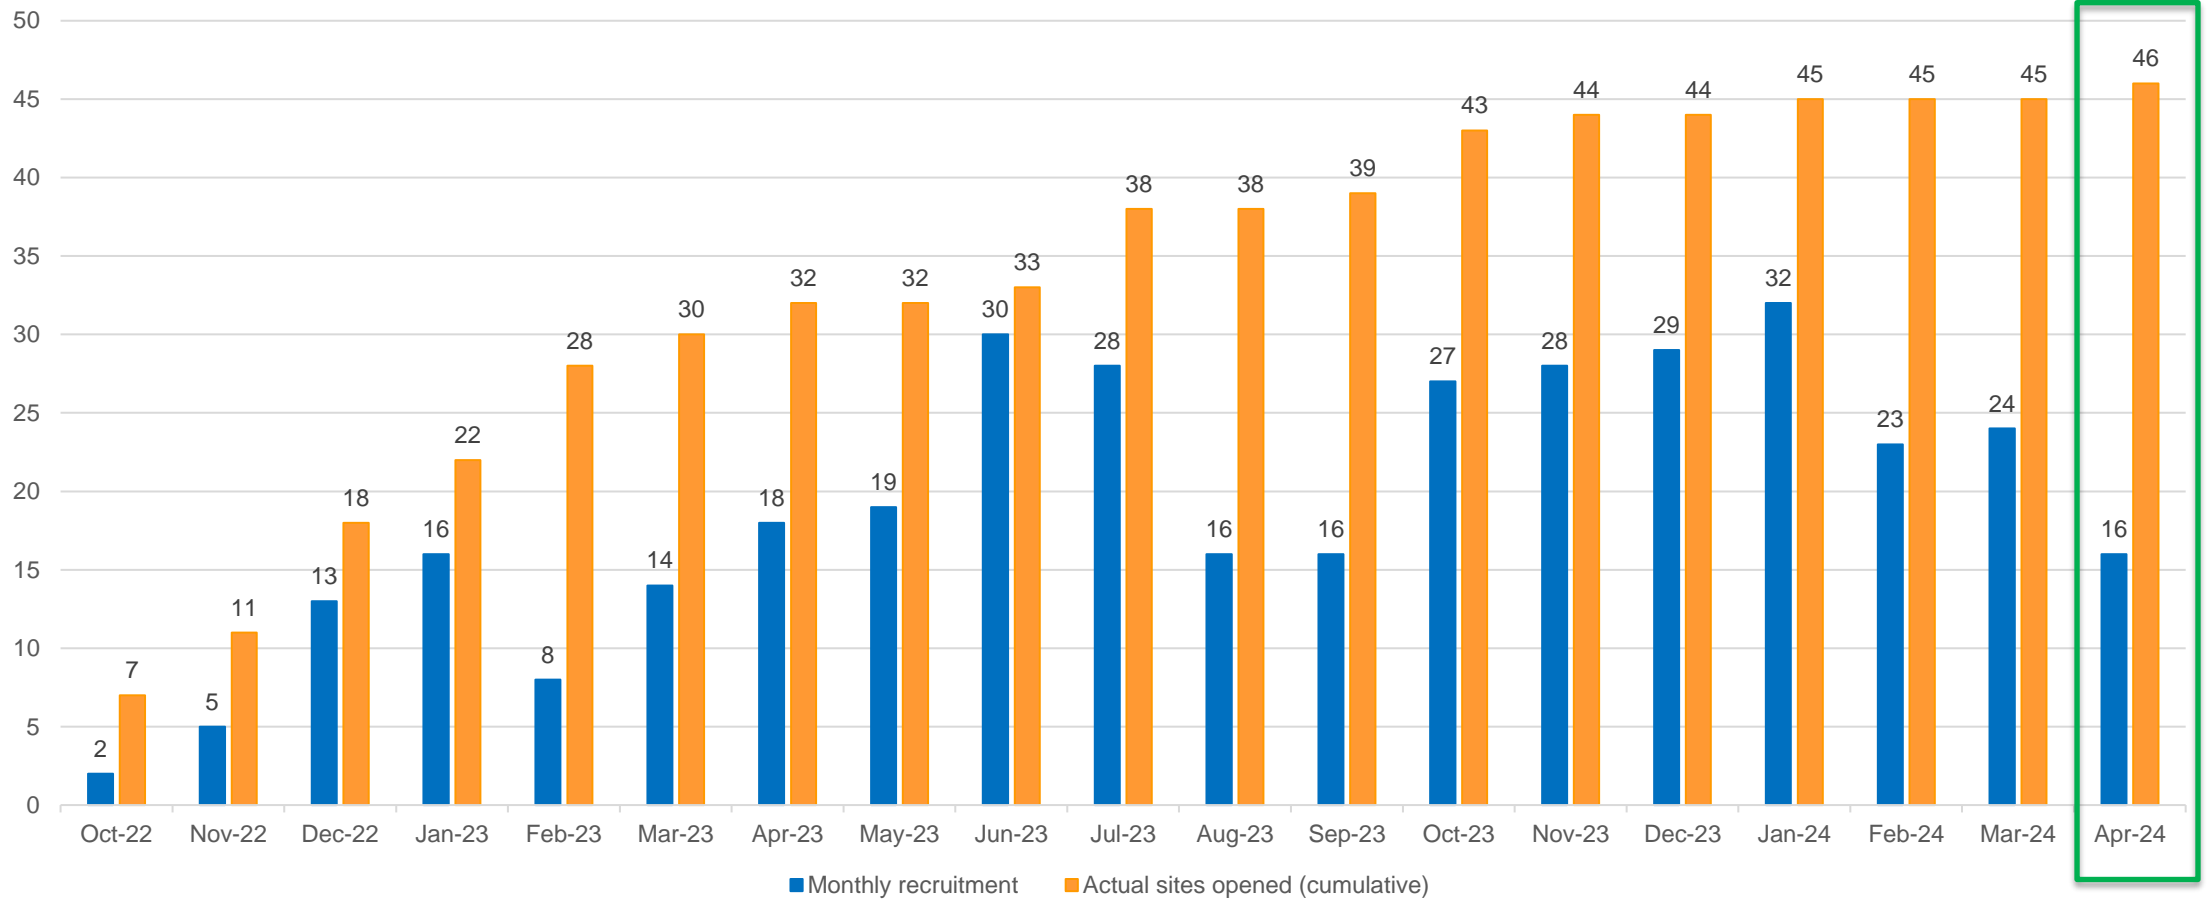

Trial Update - Recruitment

- As of 17 April 2024, **364** patients randomised

Trial Update - Recruitment

- Monthly recruitment up to 17 April 2024

Monthly recruitment vs. sites open

Sharing practice - identifying potential patients

- We'd like to hear from sites who have set up electronic alert mechanisms on their patient records
 - Alerts for lab values - platelet count <50?
 - Alerts for transfusions within blood bank?
- What would you find useful?

Coming up...

- Next **drop-in training** session:
 - 24 April 2024 13:00 - 13:30
 - Reminder that we are happy to run individual sessions for sites
- Next **consent training** session:
 - 01 May 2024 12:00 - 13:00

Questions/site discussion

- Any questions?

Thank you!
